Georgetown Auburn Maple

**SAMSON**  
CABINETS  
*by Kountry Wood*

Timeless design with a modern flair that offers quality, versatility, durability and value - that's Samson Cabinetry by Kountry Wood.

Traditional woodworking methods, native hardwoods, hands-on construction and the highest quality finishes create cabinetry designed for the way you want your home to look, feel and function.

Our cabinets offer the same quality found in high-end fine furniture, mortise and tenon joints and dovetails are standard.

You'll find extras you might not expect in stock cabinetry, like undermount soft-close drawer glides, crown molding and decorative end panels. A finished look at a fraction of the cost of custom cabinetry.

Harmony Auburn Maple

Auburn Maple

Vintage Maple

## AMERICAN MADE

This American made warm and classic kitchen combines the hand-wiped yet durable finish of our fully-assembled cabinetry with special touches like crown molding, plate rack, and arch valance.

## QUALITY CONSTRUCTION

Harmony Flat Panel Doors are standard overlay constructed using 3/4" x 2-1/4" solid wood rails with mortise and tenon corner joints. Doors are beveled on back for easy grip opening. Doors use a 1/4" veneer center panel. All center panels are held in place using space balls that enable wood expansion and contraction.

Harmony available in these wood species and color finishes.

### TIMELESS DESIGN

Kitchen trends will come and go, but some things never go out of style. If you want a kitchen that will stand the test of time and still look as beautiful twenty years from now as it does today, Georgetown's shaker panel cabinet doors instantly impart a classic look.

### QUALITY CONSTRUCTION

Georgetown Shaker Panel Doors are constructed using 3/4" x 2-1/4" solid wood rails with mortised and tenoned corner joints. The standard overlay doors use a 1/4" veneer center panel. All center panels are held in place using space balls that enable wood expansion and contraction.

Our cabinets are inspired by nature, built to last and made in America's heartland.

Classic Lava Cherry

Our Quick Ship Classic Lava Cherry cabinets include upgraded finished solid wood dovetail drawer box with full extension "soft close" guides.

### CLASSIC GOOD LOOKS

Classic design never goes out of style. Your kitchen reflects your good taste, so never settle for less than the quality, versatility, durability and value of our American-made cabinetry.

### QUALITY CONSTRUCTION

Classic Raised Panel Doors are standard overlay constructed using 3/4" x 2-1/4" solid wood rails with mortise and tenon corner joints. Doors are beveled on back for easy grip opening. Center panel is either 5/8" solid oak, solid cherry or maple veneer on fiberboard. Rubber balls stabilize panel and allow for expansion and contraction.

Classic available in these wood species and color finishes.

**QUALITY CONSTRUCTION**

Jamestown Wide Rail Shaker Panel Doors are full overlay constructed using 3/4" x 3" solid wood rails with mortise and tenon corner joints. Doors use a 1/4" veneer center panel. All center panels are held in place using space balls that enable wood expansion and contraction.

All cabinet front and door surfaces receive stain and a catalyzed clear or a catalyzed paint finish. Our finish provides a deep, rich wood tone that is resistant to household chemicals, water, food stains and mild acids.

Our cabinets are crafted of quality hardwoods and finishes with the finest attention to details.

## MODERN

Clean, simple and uncluttered, this look also remains liveable with touches of the traditional. Modern kitchen design includes sleek and simple hardware, strong horizontal lines and a lack of ornamentation, with the natural beauty of the materials shining through.

## QUALITY CONSTRUCTION

Mission Slab Panel Doors are constructed using 5/8" particle board with maple veneer. The edges are banded with a maple veneer. Available in standard overlay and full overlay.

Mission available in this wood species and color finishes.

**CUSTOM TOUCH**

It's not custom, but choosing Williamsburg gives you the look of custom cabinets without the custom cost. Adding mullion doors, fluted panels, crown and rope moldings and other decorative accessories takes a regular kitchen to new heights of design.

Shaker Panel with applied molding

### QUALITY CONSTRUCTION

Princeton Shaker Panel standard overlay doors are constructed using 3/4" x 2-1/4" solid wood rails with mortise and tenon corner joints. Doors use a 1/4" veneer center panel. All center panels are held in place using space balls that enable wood expansion and contraction. A 1-1/4" decorative molding is applied to the door frame.

Princeton Cider Cherry

### TRANSITIONAL - always in style

Think of a transitional kitchen as the great moderator. With the warmth and welcome of traditional design and the clean, simple lines of contemporary style. Eclectic in nature, a transitional kitchen mixes natural and man-made materials.

Princeton available in this wood species and color finishes.
